Last 2 weeks on the season we play for fun

Having 9 teams creates some challenges as every team needs the same amount of game to be evaluated properly. MCL also want everyone to have a shot at the playoffs regardless of their regular season results. Everything was plan for a 16 weeks season, but with the strike we lost a week. So this was the only remaining format, therefore we end up with 2 weeks where we play for fun. Next season we'll be down to 8 teams to avoid this kind of issues.

Thank you
